Guidelines

Interim Guidelines for Options for COVID Vaccines 2nd Dose

1. The preferred vaccine to use for 2nd dose is the same as the 1st dose.
2. In case of non-availability of a particular vaccine at any CVC, MVT, district or province, any available vaccine (**Pfizer, Moderna, AstraZeneca, Sinopharm, Sinovac, Sputnik, Cansino / Pakvac**) may be administered as 2nd dose, regardless of 1st dose already administered to the individual.
